

BEARS EARS INTER-TRIBAL COALITION

A Partnership of the Hopi, Navajo, Uintah & Ouray Ute, Ute Mountain Ute, and Zuni Governments

October 7, 2016

Secretary Jewell
U.S. Department of the Interior
1849 C Street NW, Washington, DC 20240

Dear Secretary Jewell;

We have been meeting with leaders of the climbing community over the past year and have consistently been taken by the commonality of interest between the climbers and the Coalition. We have found them to be people whose values we respect, a group that we are comfortable working with in a productive and collegial way.

Beginning in late 2015, we began having one-on-one and small-group meetings with representatives of the climbing community. One of them took place on overflights of the Bears Ears region, with the overflights being provided by a nonprofit organization. Leaders from the climbers and the Coalition had many discussions that day, with both sides coming away feeling a strong sense of common cause.

We then arranged a larger and more expansive meeting on September 1 in Moab to work through issues concerning Bears Ears. Four representatives of the Coalition were present. Approximately 25 members of the climbing community attended, including two members of national organizations with the largest number of participants coming from the Moab area. It was a spirited evening, with many people making extended comments. The climbers expressed strong support for the tribal position and we definitely felt support for theirs. Many of the climbers made lengthy and powerful statements about their respect for the natural world and for tribal cultural values. They even acknowledged that many cliff dwellings are located in areas

where it is obvious that the Native Americans were the first rock climbers in the region! We were left with no doubts about their sincerity.

We believe that the climbers will be committed and effective advocates for good land-use policies and practices in the Bears Ears National Monument. In particular, we believe that climbing should properly be included in the presidential proclamation as a legitimate use of monument lands; climbing has never been mentioned in a proclamation to date but we believe it would be appropriate here. In addition, both the climbers and the Coalition believe that the three-year management plan to be developed at Bears Ears should include standards establishing best climbing practices at the proposed national monument, which holds so many premier climbing areas. It is our belief that, in the process of developing climbing procedures in the three-year management plan, the views of the climbing community should be given considerable deference, since they have such long and intimate knowledge of the climbing areas and practices.

Thank you for your courtesy.

Sincerely,

Alfred Lomahquahu

Hopi Vice-Chairman

Co-Chair, Bears Ears

Inter-tribal Coalition

Regina Lopez-Whiteskunk

Ute Mountain Ute Tribe Council Member

Co-Chair, Bears Ears

Inter-tribal Coalition
